

## Pay By Phone at Select MBTA Stations

Effective Friday, July 23<sup>rd</sup> commuters at select MBTA Stations will have the option to use a cashless system that allows you to use your mobile phone and an online account to pay for parking.

### How it Works:

- There is no need to stuff coins and bills into the small slots.
- The system provides online personal pages so you can manage and print your parking transactions.
- Registration is free and easy requiring only a “one-time” credit card entry.
- Register online or via a mobile app at: <http://us.parkmobile.com/landing/mbta/>
- Review the Frequently Asked Questions below:

### Does the parking enforcement agent know I've paid by cell phone?

When you pay for your parking by phone, your parking space number and parking time are automatically displayed on a handheld device used by the parking agent.

### Does Pay by Phone parking cost extra for MBTA customers?

No. There is no extra fee to Pay by Phone. You only pay the daily rate charged at the lot.

Note: When you register for the service you will need to select the option “Pay up to \$0.35 per parking session” but will NOT be charged this fee if you park at one of the MBTA stations included in the list on the next page. Details are spelled out next to this option.

### Is it safe to do a credit card transaction on a mobile phone?

Yes. Your credit card number is encrypted when you sign up and is never entered, displayed, or spoken during a transaction.

### When will I see the transactions on my credit card statement?

Each time you pay for your parking by cell phone the payment is processed in real-time. The amount of time that elapses before it shows up on your statement will vary depending on your credit card company.

### Do I get a receipt?

You can view all your transactions by logging into your account. All parking charges can be printed off in the form of a receipt if required. This is great news for customers with business expense accounts or those who seek a pre-tax benefit for parking costs.

### Am I required to list the license plate number(s) of the vehicle(s) I plan to use when signing up for a Parkmobile account?

YES. During the registration process you will be asked to enter your license plate number.

### If I used the Kingston Line Pay by Phone Pilot Program (Verrus), what will happen to me?

The Kingston Line Pay by Phone Pilot Program will end with the last train of July 22. To avoid an interruption in your Pay by Phone service click on the "Register Now" button above and complete the registration form. Once you are registered you are ready to use the new service.

*Continue to the next page to see the stations that will offer this service.*
